From Dante's Tuscan roots to vibrant regional tongues—Neapolitan, Sicilian, Venetian, Sardinian—Italian is a mosaic of identity and tradition.

Spoken not only in Italy but also in Switzerland, San Marino, Vatican City, Malta, and thriving in communities across Argentina, Brazil, the USA, and Australia, Italian has over 70 million native speakers and millions of learners worldwide.

A language of art, fashion, cuisine, and cultural prestige, Italian and its dialects are treasures worth celebrating and preserving.
